“ My heart goes out to all the Trujillo family. Leo will be greatly missed. He was a dear sweet neighbor. When he was outside tending to the yard, which he loved to do. He would talk to everyone he seen out there. Leo was so friendly and always had a smile on his face. Leo would take up a conversation with all the neighborhood members, he was so compassionate and cared deeply about all his neighbors. He would give everyone treats and share his stories of his past. I've known Leo since I was a little girl and lived across the street from the family. Leo will be live in our hearts forever. It will be sad to look across the street and not see him out there any more. Our hearts go out to the Trujillo's and may God Bless you's through your loss. From Gallegos and Morado family. We will miss Leo greatly.
