“ Our deepest sympathies go out to my cousins Michael and Patrick. Our condolences also extend to Patrick’s daughter Amaya, my Uncle Butch’s granddaughter.

When I think of my Uncle I think of a kind, gentle man who always put family first. During our visits from California Uncle Butch, Aunt Mary and their family always made time and welcomed us into their home. I will always cherish the crazy car rides and the trips to the lake and the mountains together. He taught me how to fish, root for the Broncos and helped me place my first bet at the local Greyhound racetrack (at a young age)! He also visited us in California on occasion (see attached photo of him, my brother Bob and I at a San Francisco Giants game at Candlestick Park). I know my Uncle Butch will be greatly missed by his sisters, Sylvia Ohea and Patty/Steve Amato. My last visit to Pueblo was in 2015 where I was able to spend some quality time together with him and other relatives. Now that I am a husband and father of two boys myself, I have gained an appreciation and respect for the unconditional love and commitment he gave to his family.

RIP Uncle Butch and give big hugs to Grandpa Bill, Grandma Ruby and Rocky.

“ I think about our younger days when we went for picnics in San Isabel and spent the day so often with family and friends. Butch loved to fish and show off all the fish he caught. He was especially fond of the family dog, Rocky. Through the years I enjoyed visiting Butch and different family members in Pueblo while living in California. I am especially thankful for the last few years when both Patty and I would speak to Butch on the phone every week. He loved to reminisce of the old days.
Love you Butch and God Bless You.
Your loving sister,
Sylvia

“ Okay Bob and Gary, Do you remember this one? Butch and I laughed about this the last time I saw him.

Driving home from Lake Isabel, Butch shuts off the Truck, we thought he was nuts! 20 minutes later, we had safely coasted all the way down the entire Mountain with the motor off! Seemed like a big deal at the time!

Now every time I go up there (not often) that is the first thing I think of, and whoever I am with has to hear that story while I shut off my truck and coast down the hill.

RIP Butch.

Our deepest condolences go out to Michael, and Patrick and family!

All our Love to Sylvia, Patty and Steve.

We are all Thinking of you today!

“ Yes I do remember that, thanks for reminding me about it, we sure had great times

Bob Ohea - October 06, 2020 at 12:12 PM

“ Ha, that was the first memory that came to my mind when thinking about Uncle Butch. Didn't he also have a cool red and black sedan, like a Dodge Dart.

“ My brother Gary and I always enjoyed spending our summers in Colorado every year as we were growing up. We couldn't wait for Uncle Butch to get off work from the Mill and swing by Grandma & Grandpa's to take us out to visit the local relatives, the movies, fishing, lunch or dinner. He had the greatest stories of the Mill, his time in the Service, and his younger years growing up in Pueblo. We proudly wore the Denver Bronco uniforms he gave us when we were kids - even though we were 49er fans! I'm so grateful that I was able to travel to Colorado in May 2018 with my mom - Sylvia Ohea to spend time with him and reminisce about the good old days.

We love you Uncle Butch ~ rest in peace!

Love,
Bob, Rhonda, Alaina and Kyle Ohea
