“Grandpa, I love you and miss you so much, I am so sorry we are not welcome at your funeral. Your family has hurt me so much for what they have done to me and your daughter Judy. I will always be thankful that I will always call your home my home now thank you for giving Mom and I the land it was important to you and now it is important to us to keep your memory alive. No matter where we are or where we go I will never forget the good times that we had together. You were my last living Grandfather and the only one that I knew the most. May God bless you as I know he already has. I will always keep your memory alive within my heart and soul. Thanks for everything grandpa I love you and miss you so much. I know what I have done for and your grandson and so does God, I can't believe what your family has done to mom and I but we got the best gift of all and I thank you so much for that as I can't say it enough. This isn't goodbye as I know you are in a better place now now and in time I will get to see you in heaven when it is my time to go. To those who hate my mom and I, just now that God knows what we have done for Grandpa and we don't need to be at the funeral to honor his memory. We can do it right here where he grew up as it is now our place to call home. If anyone outside the Sanchez family wants to come see us you all know where to find us.
