“ I am so sad and shocked to hear of Arlene’s passing. Arlene and I grew up together on Orman Ave. I have so many memorable and fun memories of our childhood and teen years. We used to hang out in her brother’s room in the basement and talk about our dreams and crushes when he was at work. Her dad could make the best green chile and tortillas (first place I ever had home made tortillas and always had to have a Kleenex by my plate) Arlene could talk me into doing most anything and be damned the consequences ☐. We lost touch in high school and connected many years later on FB. She often spoke about her children and grandchildren and how they were the lights of her life. Lifting her family and friends up in prayer.

Rest in peace Arlene! 🕊️ I will always remember you! ☐ You were always so fun to joke with. Even when I was recovering and you were in pain before and after your surgery, you always joked with me. I will always have many memories of you, all the way back to mine & John's wedding and Dave & Marlene's. Not as many memories as my sisters, but definitely quite a few. We are so happy you have joined RJ, dancing in the clouds letting us know "you are no longer in pain." It was a long time waiting, but we have loved your company. We loved you very much! ❤️🕊️😔
