“ I have known Art for as many years as he has been married to my cherished friend Linda. He was a very devoted & kind husband in all that time. He did some electrical work for me in my basement & was very meticulous in all the work he did! He was a very smart man & in yrs past could build or do repairs that were needed around their home, even built an addition w/no help from anyone! Art was the kind of man that would help anyone who asked for his help or advice, I know because I asked him several times about something I knew nothing about & he knew the answers. Linda, Art & I spent sharing numerous meals together, either @ the China Lantern for his favorite fried chicken or @ their own kitchen table w/delicious meals prepared by his wife! We also spent time going to Cripple Creek where Art loved to go & gamble. All in all, we spent many happy times & I will truly miss him but will hold onto the wonderful memories I have of him. REST IN PEACE MY FRIEND 🙏

“ *My grandfather & grandmother took their grandkids from Colorado to California to see our uncle & Disney Land. But I remember him & my brother frying a egg in Nevada because it was 114° and him buying ice cream that started melting from the moment he walked from the store to the truck. He loved fishing & watching the fights. He was always so happy to see everyone who came over.*
