“*Audrie, I remember how much I admired you. We haven't always saw eye to eye, but we have always loved each other. You have been a special person in my life since I was a baby. You're one of the few people who I know truly loved me even in times when we didn't show that and I have always had that same love for you no matter what. You will always be with me in my memories and in my heart. We WILL be together again. You were always such a beautiful, vibrant, intelligent woman. I don't even think you realized how special you were. I saw it. You had that special something that a lot of people don't have. I miss your corky laugh already even if you were just teasing me. I wish things didn't get so heavy for you, but I can feel that you are truly okay and at peace now. Please give my Grandpa Al and Uncle Vince big hugs from me and take care of our puppies Tinkerbell and Foxy. I know you'll love that. Like I told you, I know you're still going to be here with us. I'll take care of Grandma and your sister. 'till we meet again!*

*To my beautiful cousin, we will miss you. Even though we are in California we always thought of you and your family. I still remember all of you coming back from Hawaii when your dad was stationed there and all of us getting together to go and do things. I could be wrong but I do remember going to the Oakland Army base to get your dads car. Boy does time fly. I know you will be joining the rest of our family that are not here with us. I am sure Uncle Al and your brother Vince will be waiting for you. God Bless you Audrey. From: Your Cousin Desi Romero III and Family.*
