

Bennie Anthony Romero

November 8, 1956 - March 5, 2026

With reflection, compassion, and respect, we announce the passing of our father, a Navy veteran whose life was marked by both service and the quiet complexities of time and distance. Though we did not share as many years together as we might have wished, the bond between a father and his children never fully fades. In this moment, we choose to remember him with grace—for the life he lived, the path he walked, and the part he holds in our story. He served his country honorably in the United States Navy, a commitment that spoke to his strength, courage, and sense of duty. That service remains a meaningful part of the legacy he leaves behind. He is survived by his two daughters Josette (Vince) Vargas and Terese (Abram) Herrera, who carry forward his memory with understanding and an open heart. His legacy continues through his six grandchildren and five great-grandchildren, each generation a living reminder of the family he helped create. He is also survived by his two sisters Angela and Rosanna and his brother Bernalbe (Barney), who shared in his life's journey and memories. He was preceded in death by his father Joe B. Romero and mother Martha Romero, and we find comfort in the thought of their reunion. While life led us on different paths, we hold space for both the distance and the connection, choosing now to honor him with kindness and acceptance. May he be remembered not only for where life took him, but for the place he will always have in our hearts. If you wish to pay your respects, he will be buried at the Pikes Peak National Cemetery in Colorado Springs. May he rest in peace.
