“ Many years ago I met Berna....then she was Bernadette...I also met Bob and Brad and Brian...42 years has passed and until 9 months ago I reconnected with Berna and since then we have talked on the phone and we exchanged text in the morning. We met thru Bobs parents and in laws and spent Friday night in Cheyenne dancing the night away...one of my fondest memories was when Bob bought a camper on the back of an old Ford pick up and we loaded it up and the 5 of us and headed up to the mountains west of Pueblo...the boys ...Brad and Brian were young and us guys climbed the rocks and Berna took pics and made a meal when we were back...had not gone to far as we had no clue of the area but enjoyed it all.....My Friend Berna as I write this the mornings are not the same and I miss the phone calls ...you made me Smile and I do look at my phone if there is a text from you....Rest Well my Friend... You are Home and Safe....and once again we will reconnect.....The Butterflies and Hummingbirds are all around you
