“ *Anna and Family,
We were so sad to hear of Budgie's passing. His gentle good humor made any encounter with him a pleasure. He had such courtly manners that made everyone feel special and appreciated. He left a great void behind. Hope that his memory helps the healing. Our deepest condolences - Anna and Jerry Paulino*

“ *My grandfather or as I like to call him Papa was the most gentle kind loving person. My favorite memory of him was as a kid and every time I saw him I would sit on his lap. We would have a hug and a laugh and he would always give me a lifesaver. The last time I saw my Papa at the age of 28 I sat on his lap and asked for a lifesaver. We enjoyed lovely meals and family time with Nana and Papa and I wish I could be with my family today. I love you all and my heart is with you today and always.*

“ *I worked for Budgie in his small engine shop and found not only a great boss but a good friend. We often teased each other because of our different ethnic backgrounds (I'm Scot-Irish) but my respect for him was without measure. In many ways he was more a "deartháir" (Irish for brother) than an employer. Thank you, Budgie, for the memories and for taking a chance with a self-taught small engine mechanic. I pray the good Lord will welcome you so we can once again tease each other. But did you ever get your T-Bucket finished? Fare thee well, mio paisano. Charles "Budd" Cochran*

Thank you for the lovely comment. He always promised a ride in the T-Bucket once it was finished. I loved watching him work on it.
