“ I have known Carlos since we were in elementary school. We were both Montoyas, and we liked calling each other cousins even though we weren't related. He was so good at dodgeball in elementary school that we were all afraid of being against him. As we got older, he was always there with a laugh or a hug. I left Pueblo years ago, so when I heard of his passing, 30 years after we graduated it saddened me because the last time I saw him he gave me a big bear hug. I am sorry for the loss of this larger-than-life son, father, cousin, and friend.

“ *The day I learned you had passed was a hard day knowing you from East High, being a part of the Sonic Crew and to have you support my own small business while you grew yours. And without a doubt Every time I saw you , you would always said how proud you were of me and gave a big bear hug which we're always from the heart. I'm hoping you are at rest now it's your baby girl and keep a look out from us you now can be the guardian angel for all of us that loved you. Till we meet again friend gone but never forgotten.*
