“ I want to send my condolences to the family and Christopher's children. This is so very tragic to everyone who had the chance to know him. He always helped all who asked of him anything in his power he would do.

Having a huge a heart and compassionate soul, he would always put others needs before himself and did whatever it would take to make things better for them all. Whatever anyone needed he make it happen somehow or someway. Never asking for anything in return as he would simply smile and wish you a great day and walk away. I know and hope that all the ones whose lives he has impacted with his friendship and deeds keep his memory alive and share the times we all had when he was here with us all. I am grateful for having the chance to have known Chris for along time. I'm thankful for times he was there for me when I needed a friend. So to my dear friend hope you rest in peace and watch over us all, I know you will cause that's what you always have done. I'll do my best at making sure your memory lives on. Til we meet again sleep well my friend. If there is anything I can do to help the family or close friends you can contact me on fb.
