“ Thinking of Colleen today 3/9/22 on what would have been her 90th birthday. I always thought it was fun that she shared a birthday with the Barbie doll as she was just as bubbly and happy. She used to take my exercise classes at the YMCA. I have missed her for quite some time already.

“ Memories of my sister Colleen are of her thoughtfulness of her family and everyone else. Her happiest time was when she was taking care of a sick person. She was always there. I always thought of her as perfect. She always had a spotless house and was always dressed up. If you ever needed someone she was always there. Whenever I feel down I think of her and all the sorrow she went thru but she always picked herself up and was looking for someone to help. Thank you sister for making me a better person thru all your kindness and love you have given to me. We will meet again in heaven. Sending you all my love. Your sister Phyllis.
