*My name is Manuel Nava and I'll start by saying that I lost a great friend David (hound) he had his serious moments and funny moments. There is a group of steelworkers that would meet at southwest restaurant he would go all the time he enjoyed it getting together with all the guys. But toward the end he couldn't make it because of appointments or all the pain he was having. He would talk about his son's and brothers whom he loved, talked about his wife Julia who he said was the love of his life. He worried about her after he would be gone. So as friends or family we should all call and check on her see how she's doing
RIP MY FRIEND MANUEL NAVA*

“ My uncle Dave was a honest and straight forward man. My uncle Dave didn't have a problem telling you what was on his mind. When I was a kid I was scared to talk to him and I was always on my best behavior whenever he was present. He wasn't very tall in size, but the way he carried himself made him 10 feet tall and he had the attitude to back it up. As the years went by I was happy that I was able to have a good relationship with him. And whenever I got to see him at family events he was always concerned and if I was doing ok. He gave me good advice and we would have good conversations and I over the past 15 years I was able to get good close relationship with him. I always looked forward to family birthdays or holidays, and family functions because I knew that I would get to spend some time with him . He would make me laugh because always called me Mikey. I wish I could have spent more time with him in the end but I know that he knew that I loved him. I will miss my uncle Dave but I know now that he's not in anymore pain and he's in Heaven with his mom and dad and his two sisters my aunt Gerri and aunt Brenda his nephew Donny and I'm sure at end his son Dominic was right there to meet him with his arms open ready and take him to paradise with God. I will always have a place in my heart for my uncle Dave.

I will miss my brother in law Dave. He was a great lovely person, he would always be willing to help when he had a chance. I will miss going fishing with him. If Mike wouldn't go with us he would say Phyllis could go. We would leave early and come back late. I would always remember the good memories we all shared. You will be missed by all of us. We love you brother and never be forgotten. Tell everyone hello from us. Till we meet again. RIP my brother in law and brother Dave.
