“ I have not known Mrs Kingsley very long but for the time that I did know her she was an amazing earth angel with so much love. Her hugs were the best thing to me every time I saw her she squeezed and held on and made me feel as if everything negative disappeared for that moment. She was amazing and I will and am going to miss her very much.

We spent a week every summer in Topeka with grandma and Disney. She was only few years older than Paula. The oldest of us six kids. She was more like an older sister or babysitter. Not like an aunt. She was a lot of fun. She would drive us all around. She loved to tell scary stories at night. We took vacations together. She was a huge influence and inspiration growing up. She was special in many ways. I have many vivid memories with her. She will be missed very much!! Her nephew BJVINEYARD

My husband, Richard, was a cousin. I have sent private messages to her since spring, and recently sent Birthday wishes. Richard and I became concerned when we didn't hear back. So I googled her name and found her obituary. Dianne & I so enjoyed doing our family tree researches together. We last saw her at Tom's service in Topeka. We pray her last days weren't spent suffering, but we know she is now in the presence of our Lord Jesus and back rejoicing with the love of her life, Tom. God bless her daughter and all family and friends.
