“ A Loving Tribute to My Mom Donna Foote-Bucci

*My mom was the best mom I could ever ask for. She showed us all unconditional love, every single day of her life. She loved to cook and bake, and her kitchen was always filled with warmth, delicious smells, and the comfort only a mother can provide.*

*I loved listening to her stories about growing up—her memories always came alive in her words, full of wisdom, humor, and heart. I will miss our morning phone calls more than words can say. Every day, we'd catch up on life, the weather, and, of course, I would always update her on my kids and grandkids—all of their accomplishments, big and small. She was so proud of every one of them.*

*Sometimes we shared hard news, but we always found comfort in each other. She loved shopping, especially when we went to look at Victorian homes. We shared so many special outings, especially at her favorite restaurants and at Taffy's in Pueblo. Her home was a peaceful sanctuary—I always felt safe, loved, and welcomed there. We watched so many movies together, just enjoying each other's presence.*

*Mommy was always so loving, so giving. She worked so hard to take care of her children, and she always had room in her heart for every one of us. I loved doing her hair and putting on her makeup—she was so beautiful, inside and out.*

*Though she lived to be 94, I still miss her deeply. I hold close the many memories we made, and I will cherish them for the rest of my life.*

*Fly high, Mommy. Until we meet again. Love your baby girl Debra*
