“ To the DeLao Family! I just want you to know my heart is just breaking and if my heart is I can only imagine how you all are feeling! You had a Beautiful wife, mother, grandmother! Memories that I have of Stella They started with babysitting you kids going to her house learning to cook her Pizza from a box and her adding her own toppings, her Lasagna was the bomb! I remember wanting to hurry and finish my chores so I could go down her house and sit outside and talk with her! Also watching her put on her black eyebrow pencil and eyeliner and making that cat eye line she always looked so Beautiful to me!! I remember going to the Dog track with her going to your grandma's also and really being exciting to be with her she was like the big sister I didn't have!! Most of all I remember when I was having problems at home and your mom and dad opened up their home to me and let me stay with you all!! Please Never Forget what you all mean to me because I never will! Take care of your Wonderful Dad and of each other because that is what your Beautiful mom would want!! Thank you John for everything you and Stella did for me and especially letting me be Blessed by knowing all of you! Love you always " little Angie"
