“ *This memory of Gilbert is sent by Art Lomax. Gilbert and I worked at Heaton Middle School for many years. Gilbert worked with me on lawn sprinklers for a few years. We had a young ninth grade student working with us. Gilbert and Chris got along great. They would tease each other all the time. Gilbert was giving Chris some unwanted advise on automobile repairs. Chris responded that Gilbert must be a master mechanic and gave him the nickname Gibby Goodwrench which stuck with him as long as the two worked together.*

Another fond memory was when Gilbert , Theresa, and myself replaced a water line at the Perrino house. When we completed the job all three of us were covered with mud from head to toe. To celebrate the new water line I started a mud wrestling match with Theresa. I said I won, she said she won, so we settled on a draw. Good memories of the Perrino family. Art Lomax

“ In 1980 I was a young teacher at Fountain Elementary who had just married. I was his daughter's teacher. We were discussing real Christmas trees and their cost. Next day there was a Christmas tree in the back of my truck that he had cut! Generous man with a smile and personality that could light up a room! I will always remember this good man.
