I just found out Greg died, and the sadness I feel is that I didnt get to confront the evil monster. I just found out ,he molested my son when we lived in Pueblo. My son is suffering becuz of it. Greg was my older sons friend, he gained our trust and he invited my young son to go fishing. We let him go never thinking that we let him go with the devil himself. I hope he died a horrible death, but I know he's burning in the fires of hell. My son is an adult now, with a young son and cannot enjoy life becuz of the trauma Greg inflicted on him.i just found out last nite , wondering what happened to my son that he is such a mess now. He finally told me. I can't explain the grief I feel for my son. Greg literally destroyed my sons life. Death for Greg was the easy way out.i want to go and spit on his grave
