“ I can remember at a very young age dreaming I wish I could play the guitar. Occasionally wishes do come true, my sister married a musician! True? Not only a brother in law but a brother to me, my mentor who started me in music. Henry Garcia was on of the most talented individuals I've ever met. Not just music but carpentry, mechanical you name it. Always an adventure always a laugh with him. (I thought he was some kind of mad scientist) The time has come that the Lord has called for Henry. Music which he loved can now join in the heavens. We will all miss you deeply, keeping you in our hearts. Go with God my brother, till we meet again.

But more importantly Henry introduced me to a living God. I will never forget that day. God thank you for putting Henry in my life. That encounter saved my life from drugs, Thank you Henry, I will never forget you
