“ *My long ago friend from the college years passed away so young. I didn't spend many moments with Jacinta but the ones I did spend with her will remain etched in my mind. She never hesitated to speak her mind. She was a fighter-but God made up his mind to take her. She was spirited and full of love for others. I admired her closeness to her siblings. I still don't know if we are somehow related as she moved from Utah, so closely to mother's place of birth, Alamosa, Colorado. She then moved to Pueblo where my dad bought our first home when I was a kid, yet we met here in Utah. May you Rest In Peace Kiddo!*

“ Dear family of Jacinta. I had the privilege of working with Jacinta when she worked for the SLV BOCES. I was the Regional Care Coordinator for Children with Special Health Care Needs. Jacinta and I worked with many of the same families - me working with the medical specialty care and Jacinta helping the families to navigate the educational system. Jacinta did that job very well! She truly cared for the families and always had their needs at the forefront. I also remembered her building her home through Habitat for Humanity. I was amazed at how she could do this while working and raising her young family. She was so proud of this accomplishment. We were proud of her too! I will always remember her laugh! We did have fun and laughed often. She will be missed by her friends here in the San Luis Valley. We send our deepest sympathy to her family.

“ I worked with Jacinta at SLV Boces in the early childhood program. I also consider her a friend. She had such determination and heart. She helped so many families navigate the special education system. She so loved her own children and was always so proud of their accomplishments. I am deeply saddened that we have lost such a wonderful young woman.

“*Jacinta worked for me at the San Luis Valley BOCES for a number of years helping families of young children with disabilities. She was an amazing woman who had a lot of skills and a lot of love to share with those she worked with. You could tell she cared for all the families who had challenges with their babies. I will always remember her vibrant spirit, her advocacy and willingness to do whatever it took to make things better for them. She also had a wonderful sense of humor, we laughed a lot. My condolences go to Dimetrio and Mireya and all of her family. It is so hard to lose the ones we love- much too soon. All my love, Mary Russell*”
