“ I have so many beautiful memories of Jackie. She was there for me every day when I went thru depression. Many many fun times going out to dance going to movies walking at the Nature Center. She always has something cooking on the stove when I came over. She was very picky about her make up and clothes. We shopped for jeans.i remember when she was going on your cruise she was so excited. I spent many beautiful times with her. I hope you always know how much I love you. You will always be with me in heart. Rest in peace sweet angel.
