Husband 😭 yous weren't married & we were engaged & I'm expecting his daughter . He told me all about you & how u always cheated on him & wouldn't help him at all & just made things worse when he needed you you were running the streets not next to him like me & his homegirl. He called on me 24/7 & blew me up he wanted nothing to do with you for hurting him over n over he moved on & was happy to be a dad again .

Ash T - May 06, 2025 at 02:19 AM

That's why none of us even know who you are right? LMFAO where did you even come from? We been together 15years! I don't run the streets but of course that's what a cheating husband would tell his side piece! But this is not the place to argue let yourself be known I'm sure our kids deserve to know. If you can't give your real identity then you are a LIAR! Hmu I ain't hard to find (719)242-7939 or you can find me under any social network Kathleen kubiak search it! Lol you know nothing about our life
