“ Jerry was the most handsome man. As kids we would call him the "Stud Muffin" and he would smile, in the later years he would still smile when one of the sisters would call him that name. He loved reminiscing with family and friends of years from the past and would love to talk about Big Foot. Life gave Jerry many struggles but he did the best he could with the time he had here. He was momma's son and she took great care of him. I am happy to share that all the sister's took care of brother any way that they could help and that we honored our mother by giving Jerry wonderful years since her passing. We will all miss his devilish smile and his love that he shared. Please keep all the family in prayers, especially Toni, she will probably miss him the most, she would sing with him and laugh with him but now he gets to reunite with momma and run in the fields, no longer burdened with confinement of the bed. Rest in peace brother, we love you.
