“ *What a wonderful friend Joe was to a new teacher! I met him first at Pinon Middle. He was so helpful and kind.*

“ *Joe,
I was sorry to hear of your passing and at the same time excited knowing you are at home now. We all lost a good friend.
When I started working at District 70 32 years ago you were one of the guys who took me in and made sure I knew what and how to do things and more importantly how to have fun at work, in fact we had so much fun I was always amazed that we accomplished all the work we did in a day, you were that good at what you did.
I was young back then and did not drink coffee, but you always had a coffee pot going in your office and would always offer everyone a cup of "mud", I never did drink it. I do drink coffee now but I still wouldn't drink your mud :).
You always had good things to say about people and the times you didn't you always put your funny twist on how you said things that would make everyone laugh. You always had the happy go lucky attitude and people couldn't help but like like you.
When you retired, District 70 lost one of its best. Even though we lost touch I know if we would had ran into each other we would have picked up right where we left off the last time we were together, that's how you were, you always cared of enough to remember everything about the people you cared for...*

Well good by for now, I'll see you soon, tell Ikie hi for me...
