“ As a child I believed you were my uncle. I admired your kindness and your skills on the guitar. You were a gentle giant. I enjoyed the time you and aunt Rose were in Albuquerque. I appreciate the opportunity that I had to know you and my cousins. Now, My heart is heavy for your kids. This last time I saw Julie, I felt her pain of losing a parent. I am glad we had the time to talk and even share a few texts. I was blessed for having an opportunity to thank you for loving my family, especially my dad. Although I'm sad for those that are left behind. I am comforted knowing that you have arrived at the eternal reunion. I look forward to seeing you there one day. I promise to carry on with a commitment to my cousins to grow together as family and never to forget our heritage. Rest in paradise. Love, James Quintana
