“ I remember my Primo Julian my Primo Ricky my Primo beetle my Primo Benji my Primo Richard and my nino Danny teaching me how to play the grand piano my Nina had and every time I would mess up my Primo Julian would bop me upside my head 🤦😂 and say "no" you know this stop messing around and play it right. I could sit and listen to them all play and sing all day long and be mesmerized 💕 My Primo Julian was the coolest vato anyone could have ever came acrossed. My Primo Julian had jokes for the days my Primo would roast you like nobody's business and if you didn't have tough skin? Well.... let's just say you didn't last very long 🤦😂

Rest easy primo Julian 🙏 Fly high with the angels 🌹
