“ I will miss this lady and her strength to overcome many obstacles. Her ability to pull through after a MVA that caused her some major injuries. I have seen her struggle and push past these issues and return to her happy self. I'm so sad to say goodbye to Kathy as I know are her friends and family. Hugs and prayers for comfort to all who knew her.

“ Kathy and I met at Mentone Elementary and had so many fun times together. I remember many sleepovers at her house across from the school. We went different directions in middle school and high school, but thanks to social media, we were able to rekindle a relationship and keep up on one another. My sincere condolences to her family and close friends as you grieve. ~ Kathy (Morgan) Shanteler

“Kathy and I encounter each other when we both lived in Redlands in the late 70’s at Moore Junior High. At first her and I did not like each other. I had thought she was not nice Abe wanted to beat everyone up. She thought I was quiet, kept to myself and just thought I would not be approachable. Until one day I seen her sitting on the wall at 7-11 crying. I sat down by her and asked her why she was crying? She said because her dad died(James). Ever since that day Kathy and I have been best friends. We were 13 years old.

Kathy was a beautiful person. She had a very good heart. She was a very loyal friend. Always there for you(me). She really cared about people. She enjoyed living, she had a fun life. She was so smart, so creative, had a good sense of humor, and loved to laugh. She liked to make people. happy. She will always be my very best friend, my buddy, in my heart, and I will never forget her. Kathy and I also lived together when we were 19 and got baptized by the Holy Spirit at that age. I have had some fun times with her, and I will not forget those times. You are living your best life now buddy with our Savior. You are so blessed. Can’t wait to see you again. I love you my forever best friend ever.

Love, Michelle Harris

“ *I will always remember Kathy's laugh and her larger than life personality. She wasn't my Aunt by blood, but sometimes it is more precious when we choose our family. I will always miss the laughs, hugs, and talks I shared with her. I would even say she was like a second mom to me growing up. She will be missed always. She is now in her forever home with God. One day in Heaven we can meet again with a big hug and no more tears or sadness.*

“ *If I could write a book about Miss Kathy, my friend, it would be about many adventures our intertwined life's took. Her laughter, love, and support was a foundation of who she was. Her family, kids and grands meant the world to her and she worried that she had somehow messed them all up. We are thankful to have Kathy as a part of our lives. Our thoughts and love to her family and friends.*
