“ Lolita was a dear friend and an Alow sister. I knew and loved her family. They were all great people. Had I known she had gone home to be with the Lord I certainly would have attended her service. My condolences to her family. She will be missed.

“ I have great memories of our senior year at Central high. We would alternate picking each other up for school and I loved when she drove because she could squeeze into any tiny parking space. She had great school spirit and we laughed and enjoyed going to sporting events together. Lolita was in my choir classes throughout high school. She had such a beautiful beautiful voice! I can hear her singing praises to our God. We reconnected for a bit while she was workin for associates for psychotherapy. She had lost her vision due to diabetes because t she never lost her spunk or her love for God. She was a very special lady and I look forward to seeing her again one day.
