“ I was a neighbor of the Benegas family back in the 1960's. We were not related by blood but we considered them as family. In fact, "Vecina" as we used to call Rose (the mother) was like our second mother as she used to care for myself and two brothers at times while my parents were working. I want to express my sincerest condolences to the entire family (mom and remaining family members) and to let you know that your loss is my loss as well. May our Loving Heavenly Father give you the strength to cope with your loss and fill you with the hope that one day we will see our loved ones again.

With love from your brother from another mother - Gerald (Jerry)

I don't know who I would have called for help, but Tony (as I called him) would always help me when I asked. My sincere condolences to the Benegas family. I will forever love you all.
