“ I am going to miss you so much mama. I don't know how I am ever going to live without you. You were my best friend, my number one supporter, my rock, you were my everything. I feel empty without you, when I go outside I instantly look for you. No one will ever take your place mama, I could never talk to someone like I talk to you. I can never just go shopping with someone like I did you. I will miss you so much, from the funny jokes you used to steal from FaceBook, to the advice that I will take with me throughout life. I will never let people forget you. Rest easy mama, until we meet again, I will always love you now and I will always love you then.

“Marie Antoniette Lucero was a symbol of selfless humanity.” She brightened our lives in ways that we are still finding unimaginable. She had a wonderful sense of humor and was more than willing to go out of her way for anyone in need. Her joy for life showed where ever she took her smile and it resonated in the faces of the people she visited. I Love You Sister. You will never be forgotten.
