“ My condolences Vanessa and family, I didn't know Mike that well, but always saw a smile on his face. Always making Vanessa have a smile on her face. Prayers for your family.

“ I met Mike on the summer of 1981 when his family moved into the neighborhood we were both 11 years old. We spent a lot of time together in our youth, and then again in our young adult lives. Our children grew up together just as him and I did. I have many memories of our youth and our young adulthood something I am great full for. My sincere condolences to his mother, sister and his children and grandchildren, as well as the many other relatives and friends.
