“ I knew Nellie from way back when they lived in the Encino apartments. I seen her at king Soopers all the time when she worked there and she would always walk outside with me and chat, I gave her some sage and sweetgrass to bless her house.. she was an amazing spirit, I don't know how she passed but it's sad to see such a gentle and kind person to be taken away. My deepest condolences to the family. Stay strong... Louie S.
