“ I will miss her singing on Wednesday night services at Praise Assembly. Those were my favorite nights to worship an awesome God. We will miss you but we're not far behind, until we meet again.

“ For the short time I knew Patti, she definately left a mark on my life. I remember a couple of stories my uncle told me about her from the late 60s early 70s. I first met Patti in 2006 or so. I had heard the stories about her singing. What a voice!! Patti had the ability to stop the world with her voice and made you pay attention. So soulful and with authority. She called me out of the blue right after my brother passed in 2007. We chatted for a few moments and she said a prayer for me and my brother. That meant the world to me and for that i will never forget her until i can see her again. May God rest your soul Patti.
