“ I miss you so much auntie. I keep looking at your pictures and can't grasp that you're really not here anymore. My only comfort is that if you're are not here you must be in Gods arms and that I can hear your laugh and see your smile every time I think of you. My heart left heavy with so much “I wish I's” I only pray you know how much I love you and how happy you made my life growing up having you as my aunt. I love you and will never have a moment without you in my heart till we meet again. I'll be here for my cousins and your sissy (my momma) and grandma as much as I can even though I know the hole left will never be healed. Please watch over us from above with Uncle Paul and our fur babies. Thank you for being so special to me. I really wish I could have told you that more. “Luv u crime fighter”

“ My baby girl I miss you n I Love You with all my heart 💜 n soul. I remember how much you wanted to stay home from school cause we missed each other so much. I would at least once a month and just did everything together. When I first held you in my arms I knew It was just me and you kiddo. You wouldn't leave me the nurses had to bring you back cause you would cry for me they finally brought your bed in with me. I'll cherish your memories even through tears smiles because I loved your beautiful smile. You always tried to make me laugh with your silly jokes. I did. I'm forever grateful that our Lord Jesus chose me to be your mother n father. I'm so proud of the beautiful woman, mother and nana you became. Your family was truly your heart n strength. My heart is so heartbroken but knowing you're at peace no more pain or suffering helps cause no mother wants their child to feel pain, suffering or sadness. Another piece of my heart has wings. God has truly Blessed you my baby girl! Watch over your sissy n brother. Thank You for all the Love, kindness and especially the memories we shared together I'll cherish them dearly in my heart 💜 my Sweet Baby Girl. I'll see you soon. Love 💜 Hugs 🤗 and Kisses 😘 from Mama. 🕊️🦋💜📱

“ Oh Sister, I don't know where to begin, you are my forever dance partner, the one who always kept me moving, usually with a smile and the words, 'Let's dance, sissy.' You definitely brought a rhythm and a joy to my life that I can't quite put into words. To say I will miss you is an understatement—it's going to be a hard road ahead without you but I am so grateful for every song we got to share. I'll keep dancing for both of us." The world feels a lot quieter without you sissy. I love you forever. I will find comfort in my nieces and nephews to continue making sure they feel your love through me. We're going to make so many more memories together, and I'll be telling them stories of their incredible mom for the rest of my life. I love you, Sissy..Butterfly 🦋 kisses. Our dance isn't over.💜
