“ *Our little Becky,  
We loved you, you were like a little sister to us. We will miss you dearly. And always think of you with fond memories. When you were a baby. And you were always playing with David.  
We called you two little David and little Girlbot.  
I will miss you dearly, I wish I could see you one last time. You will be in my heart forever*

Here is my email address if AL and Debbie would like to talk to me. gjgdenv er@gmail.com*
