“ *My sisters and I would walk to Parkview Elementary School when Becky and I were in kindergarten. We used to pick her up as we went passed her house on 9th street. I knew her all of our school years, all the way through our Senior Year in high school. On graduation day, we sat next to each other, and we received our diplomas moments apart. I saw her a few times after that, before I joined the U.S. Air Force. I saw her again at Parkview Elementary School in 2003 at the open house. We had a good conversation, and I introduced her to my wife, Jill. Becky could be a friend to almost anyone. I'm quite sure she will be missed by all who knew her.* ”
