“ I love you Rob. I remember when you and Tami were at my and KJ's 50th wedding anniversary, you made the event complete. I also remember when you were just a little 11 maybe 12 years old. You had fallen into a cactus and I had to pick the thorns out of your fanny. I have a picture I will find and give to Tami. Happy Trails Robbie you will be missed by so many!!!! Love Aunt Dovie.
