“ I remember little cute Ronnie running around in a diaper on Fenton street. I also worked in the Spanish peaks building on Abriendo Ave., and he would come visit with me in my office. He was always smiling with that beautiful smile, he was a sweetheart. My sincerest condolences go out to his family, may God wrap his loving arms around you all, and give you comfort.  
Respectfully,

“ I remember the first time I met him. You all came in to work with candy for me and wouldn't let me share. The kids were all young and Dad had only started working for me a short time ago. I know this hurts and my heart is with you today and always. Jim Walter
