“ Growing up he was the biker icon for the family. Watching him pull up to grandpa Gabe (frisky older brother) on that 77 sporty my whole life. I ended up with the same year sportster and had the chance to ride together. It was a great honor when he let me get that old bike going again and riding it to the toy run one year. To my knowledge I was the k my one that had ever ridden that machine. He lives forever in the miles me and my family rides and will never be forgotten... FRISKY... the man the myth and the legend! One of the founding fathers of the Pueblo biker community!
