“ Hello my name is Valerie. I knew Timothy many many years ago. I met him when I was 18 he was 17. Even then he had a zest for life. He had always enjoyed fixing things not just cars but really anything he could take apart and put back together and he was always very good at it. He and I shared many adventures together. Traveling across country from California to Arkansas were we lived for awhile. Then back to California. Then we moved to Washington were we lived for a while in Olympia. He and I had eloped to Reno to get married which was another adventure in itself. He was a big part of my young life. My first husband. He has always stayed in my heart even after all these years. He and I went to many concerts together. Robert Plant Led Zeppelin, Cinderella Def Leopard and many more all great memories! I am happy to see He had a full life with a loving wife and many children. I feel lucky to have had Timmy in life even for a short time. I pray for his family wife and kids. God bless you all.
