“ *My cousin Vincent was an exceptional person who truly loved his family/friends, had an awesome sense of humor and a love for different genres of music ranging from old to new. Vincent enjoyed entertaining family and friends ensuring all his guests were always having a good time. I'm thankful I was able to spend several memorable moments with Vincent and Thomas!*

My thoughts and prayers are with Thomas (aka Mother Goose) and the rest of our family.

May God bless our family and let us celebrate the life of my cousin Vincent who will be forever missed!

“ You couldn't outwit Vince, he had a comeback for everything. He once told me he liked my shirt because he was tired of seeing it on the sale rack. An exquisite wit that can't be replaced.

“ My brother was very thoughtful. He thought of others before himself. I never saw him happier than when he was entertaining family or guests. I will miss our fussing bro.

No one should even try!

KSA's (Knowledge, Skills, Abilities) combined with self-confidence and self-awareness will always be demonstrated in commitment to TASK and will Trump the most racist and sexist of ideologues. In Pueblo, CO I have found the very best of the best, a perfect antidote to the worst of the worst --- a welcome respite and real-life demonstration of the power of love as well as the demographics that fear mongerers use to promote their own agenda.

Your Beloved --- yes watch the movie again and understand it is a "ghost story" as well as a love story. Your posts and picture will forever remain etched in your combined memories a la Barbra Streisand song from the movie --- The Way We Were. I am humming as I write!

Thank you for sharing!

Something tells me that there is a new angel watching us and trying to make us laugh! Though we didn't see too much of each other the last few years, I still have such vibrant memories of my dear friend Vincent. I will never forget him, I feel blessed to have known him. RIP

We had many laughs and cries over the years. The past thirty some years cannot be put into words that would fit here, but they will be memories that will stay with me forever. It is hard to imagine that we will no longer be able to relieve memories and pay old songs that we remembered from years past. You will be missed my friend. Watch over us all.

Vince was my operations manager at Joslins department store for many years. He was the best I ever had. He was a dedicated hard worker with a great sense of humor and was respected by his fellow employees. He was a classy guy. My wife always said if I passed on she would want Vince to be her escort. he was so thoughtful and even after several years of retirement I got a phone call from Vince during the Holiday season I will miss getting that call. He is in our thoughts and prayers. May he rest in peace.

Vince was my operations manager at Joslins. He was instrumental in helping me become who I am today. He encouraged me and supported me when I was going to school to become a nurse and his laughter and loving ways helped me through many difficult times. Vince was a true friend, one that I will never forget. My thoughts and prayers go out to Tom and all of Vince's family. May God carry you through this difficult time. Julie Pringle

I'm shocked and saddened to hear of Vinces passing. During our time volunteering together, he was a strong, bright star and I'm certain he will live on through those whose lives he has touched. Bon voyage.....you'll be missed.
