“ Melissa, we are still saddened by the day you lost Matthew it was a really rough day, but the only peace we have from it is knowing that he is up with God and knowing that God is taking care of him for you! Chris and I both love you and we are here to support you if you ever need anything ! I know you will have good days and bad days because you lost that special person in your life, you both had gone thru so much together, I know it will be hard some days to figure out how to get thru it on your own now! Love Chris and Holly
