“ My condolences to Ysisro's family and friends during this difficult time. I attended Bradford Elementary with Ysidro and he was one of my first friends. We were at the same bus stop together and all of my memories of him were happy. Rest in Peace.

“ Ysidro was a very kind man. I knew him from a different side. He Always loved life and those around him. I ran into him not that long ago and I'm happy I did. Although it was just a few moments of greeting eachother it gave me a good feeling to see him and now even more so. Thank you god for giving me that bit of time with this special man. Sending condolences to his family, loved ones and friends.

“ *YZ was a great person I've known him since elementary school he was a brother from another mother we lived 1 block away from each other he was my brother's best friend our families were friends he was always at our house . He loved to come eat my dad's chicharrones . We all grew up went our separate ways in life but always when we saw each other we laughed and talked like family . I loved him like my brother. Recently I got to reminisce about old times and watched him through his battle of life . He fought hard and he's finally at rest way too soon . My heart is broken 💔 I will always have a special place in my heart for him .. my condolences to all his family and especially my friend Angela . May he rest in peace with our Heavenly Father. Until we meet again I always love you my brother .*
