“ Oh Zanda. My heart breaks soooo very much for your family & friends. We haven't been close since we were in school but everytime I seen or talked to you, we'd always pick up right where we had left off!! I have sooooo many memories with you from our younger years.

You helped me get through some of the hardest times I went through when I was younger. You were always such a loyal friend who loved with a full heart. You had so much passion inside. Your personality was such a light to this painful world. I am so so so blessed I got to know your beautiful soul. You and Tedi were always inseparable and always have been great friends to me. I love you both dearly!!! We were young and wild but I wouldn't change the memories for anything. I'll always think of you when I hear "God send me an angel"-Amanda Perez. We used to sing it all the time and I was soo scared when you hyped me up to sing it with you in Zap the Gap. 🤔🤔 I'll remember all the nights we'd talk all night on the phone when we weren't supposed to be. I love you so very much and I wish I would have done more to stay in contact these last few years. Such a beautiful soul and person. I'll cherish my memories with you forever. 💔🙏 Praying for all of your family.

“ I'm going to miss you terribly, ZandaTrill. Way too many memories and good times together to list. You were always my drinking partner. You were always able to hang and definitely always had the craziest stuff to say. Never a dull moment, for real. So many nights of just the three of us, you, Carlos, and me. Always ended up the night cooking something crazy. How about your 21st Birthday at our house. We got a keg for you, auntie Tedi got the food. Keg stands in the shower. Just a wild, fun night. Ended a lil crazy, but definitely one for the books. Our beautiful day trips Carlos would take us on to Beulah. Always spending just as much time with my kids. They loved you more than anything! Even recently, Bubs loved going to my moms' to spend the night with you. The last times, this year, he gave you so many piercings, a whole pro kit he had and went to town, gloves and all. You let him practice and was his test model. Nani said all you two would do all night is laugh, laugh, and talk. Same with the girls. You girls were best friends, since they were born, you all were the closest. You were the coolest thing to them!! You were my niece, but more like my sister. You, Kae, me, and Tedi, it was always us 4, no matter what. Sisters that knew each other beyond anything. Lived together. I love that even as adults, we hung out so much. One of your birthdays, my husband and I took you out to Classics on a Tuesday, you couldn't stop saying "On a Tuesday!" lol How about when we took you and Daniel to the Branch in maybe, 2008, 2009. Such a fun night!!! I dressed you up so cute, and you were walking all cool and asking "Do I walk like I'm 21?" You were always full of crazy stuff. Until we get to be reunited, know how much I've always adored you. How much my husband and kids loved you. Blessed to have 28 years FULL of MEMORIES, good times, some bad, many funny times, and everything in between!!!!!! Those are priceless, but I'd give anything to go back in time and tell you one more time what you mean to me. Love you more than anything, there's a big void in my heart since you left. This has hurt us so bad. Please give your mama, my beautiful big lil sis Josette the biggest hug and kiss from me!!! You two are cabronas for doing this to us, but I'm glad I know you you're back with your mommy as you called her. You always told I'll always be Barbie to you, so

*auntie Barbie Chloe misses the heck out of you and is not okay with this. I love you, baby girl.*
